Sir/Madam,
You are very much aware that from the academic session 2017-18 the CBCS curriculum is going to be implemented
at UG level in all UG colleges under SKBU . Several meetings with Principal/TIC/OIC are held for discussion as to
CBCS and its smooth implementation.Workshops are also conducted in different college venues with all teachers
including guest teachers for finalization of the syllabi accordingly.

Therefore it is desired that all colleges must incorporate the essential features of the said system in Prospectus or in
admission info and in their respective Admission portal. Colleges are to comply strictly with the guidelines provided
by the university from time to time regrading **combination of subjects,nomenclatures of the courses and
degrees, time schedule of different activities (Academic Calendar) etc**.

Keeping in mind the university has developed a comprehensive guide for the new system which has been placed
under the link **http://cbcs.skbuonline.in** . You are advised to put this link in your admission portal for all concerned.
In this link the new CBCS curriculum and syllabi are also available.
