

## **Grievance related to Examination in the College**

### **Dept. of Geography**

At different times, students with HONOURS and PROGRAM COURSE raise their hands against different issues. On these details, generally we used to call meetings to ensure effective solution with a fair approach to the students. To guide ways and means to them to redress their problems firstly we asked for specific issue based petitions from them. Sorting those petitions which we noticed that, in sessions 2019-20 and 2021-22, a number of students belong to First Semester Program Course had missed the schedule of INTERNAL ASSESSMENT.

In the session 2020-21, a number of students from Honours Semester-I could not submitted their PROJECT WORK in due time.
